

David Cettolo

SOFTWARE ENGINEER

(+39) 345 0467163 | david.cettolo@gmail.com | davidCett | davidcettolo

Summary

As a self-taught and highly curious software developer, I am driven by a passion for continuous learning and coding challenges. My technical skills have been improved through years of self-study and hands-on experience, allowing me to quickly adapt to new technologies. In addition, as a former semi-professional volleyball player, I consider the values of collaboration, dedication and reliability as key factors for a successful team. Passionate about cooking and outdoors.

Work Experience

Gruppo Euris S.p.a.

Trieste (IT) [Hybrid]

SOFTWARE ENGINEER

Mar 2021 - present

- External IT Consultant @ YOOX NET-A-PORTER GROUP
- As a member of an Agile team, our primary goal is to build and maintain solutions that enable the integration between e-commerce platform and third-party sellers.
- Our solutions are based entirely on AWS technologies, including EC2, Lambdas, RDS, ECR, SQS, and S3, and employ both monolithic and microservices architectures.
- We continually refine our CI/CD pipelines, using Terraform, Jenkins, Docker, and bash scripts to ensure efficient and reliable delivery.
- Additionally, we invest in the quality of our code through the implementation and improvement of unit testing (NUnit), behavior testing (Specflow) and static code analysis (Sonarqube).
- In my discussions with the client, I listen carefully to their needs and requirements and use my expertise to propose the most valuable solution to the problem.

INTERNSHIP

Dec 2020 - Feb 2021

- External IT Consultant @ illycaffè S.p.a.
- As a trainee consultant of the IT Infrastructure Team, I successfully collaborated in setting up the rollout program in the deployment of new hardware to the company employees, including those in Italy and abroad.
- In response to the challenges posed by the pandemic, I worked closely with the HR team to ensure timely and efficient deployment.
- Organizing and scheduling appointments with the customers for hardware changeover.
- Coordinating with the warehouse to ensure the timely availability and shipment of hardware.
- Troubleshooting hardware and software configurations.

Skills

Programming	C#
Frameworks	.NET
CI/CD	Terraform, Docker, Jenkins
Database	T-SQL, PostgreSQL, MongoDB
Cloud	Amazon Web Services
Languages	Italian-Native, Slovenian-Native, English-Professional

Education

Gruppo Euris S.p.a.

Udine (IT)

CODING ACADEMY

Jul 2020 - Nov 2020

- In-house coding academy with a strong focus on .NET.
- Topics: .NET, OOP, SOLID, SQL, Unit testing, Software Development Life Cycle

I.I.S. "Simon Gregorčič"

Gorizia (IT)

HIGH SCHOOL DIPLOMA

- Bilingual school with Slovenian and Italian languages.
